

# CANTEEN MANAGEMENT SYSTEM

Many organizations provide canteen facility to its employees, but proper management of meals per employee is a cumbersome task. The software design provides a user friendly system that facilitates quick and efficient operation to cover larger section of employees for an organization. The software also provides paperless and cashless transaction solution and also has network based solutions to operate multiple counters simultaneously in a closed environment.

## ADVANTAGES:

- Easy to integrate with company's existing ID Card System (Barcode, Proximity, Smart card)
- Photograph verification system avoids proxy punching
- Easy Report printing with all the criteria combination
- Maintain and Generate report of individual employees/contractor wise/subcontractor account on daily/weekly/monthly/yearly basis
- Tailor made reporting can be developed as per requirement.

## FEATURES:

- Network/Intranet based solutions to handle multiple counters in closed environment
- Easy swapping system on counter with photograph checking to avoid proxy punching(Barcode, Proximity, smart card, thumb scanning)
- Easy Coupon printing on employee id card scanning
- Maintains employee database with photograph, shift wise and

contractor/subcontractor wise to get estimation for food quantity

- Advance booking facility for visitors/guest
- Daily menu creation by the caterer and also option can be added of request special items
- Advance information on the usage of the canteen facilities by the employees on any particular day or shift can be notified to the caterers. (For event)
- Special rules & regulation can also be integrated within system. E.g. ID card validity checking, Same ID card is not applicable for same day with same shift time.

## REPORTS:

- Menu Printing
- Coupon printing
- Daily/weekly/monthly/yearly report meal taken by employee contractor wise/ subcontractor wise (quantity)
- Account report daily /weekly /monthly/ yearly
- Bill printing on daily/ weekly/ monthly basis

## OPTIONAL MODULES:

- Accounting
